

Exercises on Stacks and expressions

These are some problems around stacks and expressions you can try. Register yourself on leetcode.com and start solving them. You can also code out a solution in the IntelliJ IDE and copy to leetcode.com. DO check out the solutions tab (on top), and discussion tab (below the question) in case you need help.

- Maximum Nesting Depth of the Parentheses
<https://leetcode.com/problems/maximum-nesting-depth-of-the-parentheses/>
- Remove Outermost Parentheses
<https://leetcode.com/problems/remove-outermost-parentheses/>

You can try more questions on stack here. Sort them based on difficulty level, and try the easy ones before moving on to medium, and later hard problems.

<https://leetcode.com/tag/stack/>

Leetcode is very popular, but you can find similar problems on sites like Hackerrank as well.
